# Big News at Way!

**It's All About the Books!**

## **Changes to Book Shelving Coming**

Here at Way Library we are always looking for better ways to serve you and ensure that you have a positive library experience.

We realize that the Dewey Decimal System can be difficult to grasp, so we are going to make it easier for you!

This summer we will be arranging the nonfiction books into subject categories. We believe you will find it much easier to locate reading materials using words instead of numbers.

You may have already noticed our preparations for this project. New spine labels include a subject in bold print, such as "FOOD." The label will also include a Dewey number. This will make it easier to browse for books, first by general subject, then in more detail with the help of the Dewey number. The Children's Department has already changed to this system, and the response from you has been very enthusiastic. Once we have the adult nonfiction ready, we will let you know in a big way!

In other news, if you are a fan of Science Fiction, Fantasy, or Paranormal books, you will be pleased to know that we have begun separating these titles into their own area. You told us what you wanted, and we listened!

## Volunteer Spotlight May 2015

### Meet Connie Bowers

If you have recently watched a feature film at Way Library's "Show Me the Movie" or a classic movie at "Reel Talk," then you have probably met our volunteer extraordinaire, Connie Bowers. Connie has volunteered at Way for almost three years, and she is our hostess for both of these popular film series. She always has a smile, a kind greeting, and a table of yummy movie snacks to share with all of our movie lovers. Since retiring from St. Luke's Hospital, Connie has a little more time to crochet, garden, and travel to Houghton Lake in Michigan. A trip to the lake is especially fun if her loving grandchildren will be making a visit.

Thank you, Connie, for dedicating your time and talent to Way Public Library!
